VIII. The school committee for the town shall make his annual report, required by law, and present it to the selectmen on the first or second day of March annually, and shall include therein a report of School District, Number three.

IX. The selectmen shall cause one thousand copies of the Town Reports to be printed and distributed among the legal voters at each annual town meeting. Such printed copies shall contain the annual reports of the selectmen, the treasurer, the chief engineer of the fire department,

XII. All highway taxes shall be paid in money and when collected, shall be expended in repairing the highways by the selectmen in the following manner: The selectmen, on or before the fifteenth day of May, shall limit the several surveyors' districts, determine the prices to be allowed for labor, materials and use of tools applied in working on highways, and for the services of each surveyor: limit the amount of money that each surveyor shall be allowed to expend in his district, and give each surveyor written notice thereof. On the first Saturday of every month, each surveyor of highways shall present to the selectmen an account and a pay roll, containing all the items of expense on account of highways in his district, during the previous month, the names of all persons to whom any sums are due, and the amount due each: and when the same is approved by the selectmen, it shall be left with the treasurer, who shall pay the several amounts therein, to the persons entitled thereto. Each surveyor of highways shall be a resident of the district over which he is

elected. The provisions of chapter seventy-eight of the General Laws, entitled "Sidewalks and Sewers," are hereby adopted.

The other divisions shall be laid out in lots of such size as the directors may consider convenient. The lots shall be in such form and location as the directors may consider most consistent with the character of the ground and good taste. Strips and gores may be left with the growth thereon, and reserved for ornament. The divisions shall be laid out from time to time, as lots may be wanted and particularly delineated on plans, on which the lots and paths shall be numbered, and the avenues designated by appropriate names, and no lot in any division shall be sold or occupied until the division is laid out, surveyed and planned as aforesaid.

The directors at the time of selling any lot shall impose such restrictions and conditions as to fence and the occupation and improvement of the lot as they may consider proper, and may also impose such other restrictions and conditions as they may deem necessary, all of which shall be inserted in the deed to the purchaser. Each proprietor within six months from the date of his deed shall erect suitable landmarks of stone at the corners of his lot with the number of the lot thereon. He shall also keep a record of all proceedings of the board, and a book of accounts, which shall contain in detail all the financial transactions of the board. These accounts shall be closed annually, on the first day of March, and exhibited with vouchers to the town auditors. The directors, clerk and superintendent shall at the same time make a report to the town of the affairs of the cemetery, specifying the receipts, expenditures, assets and liabilities, to be printed in the town reports.

XXIV. The superintendent shall keep a record of all interments in the cemetery, in such form and containing such facts as the directors may prescribe, and shall annually in March, leave such record with the town clerk to be kept with the town records, and all such records heretofore kept shall be so left and preserved.

XXV. The directors may prescribe other duties for the clerk and superintendent, and may pay them for their services out of the income before mentioned, such

reasonable compensation as the board may determine.

XXVI. Any donation or legacy to the town, or to the officers having charge of the cemetery, for the purpose of insuring proper care and attention to any graves or lot in said cemetery and the avenues connected therewith, and the monuments belonging thereto, shall be paid to the town treasurer, and he shall keep an account of the same as a Cemetery trust fund. The money so received shall be safely invested, according to law, and the directors may annually draw from the town treasury a sum not exceeding five per cent. of such money, to be expended according to the terms and conditions of such donation or legacy, and the treasurer shall charge the same to the account of interest.
